

Newsletter from our School Parliament

January 2022

@OPA_Greystone

Last half term Mr Wilson set the School Parliament four challenges. Each challenge will be led by two School Parliament members.

Spotlight Scheme

At the end of the year, we are meeting with the School Parliaments from across the trust to share a presentation about something that we have done to improve our school. We have decided that we would like to create a Wellbeing Garden to promote positive mental health at OPAG. We will be working with the Wellbeing Champions to create this area.

Road Safety Challenge

In the meeting with Mr Wilson, we discussed how safe the roads are outside school. The Parliament Members are going to talk to staff and children in their class to gather ideas around making the roads safer.

Attendance Challenge

During our meeting, we were asked to think about why children were absent from school and what we could do to increase attendance. We want every child to come to school every day, so we have been talking to our classes about the importance of attending school.

Environment Challenge

Mr Wilson asked us to think about how we can improve the planet. As part of this we are taking charge of the sustainability board. This includes looking at how much electricity, water and paper we use and how much food we waste.
